

FREIGHT BILL FACTORING

PCG helps businesses across the country respond to expenses like payroll, fleet fuel and maintenance without having to wait for payments to process. Regardless of your fleet size and sales volume, we can help your cash flow by purchasing your invoices. It is common for truckers and transportation companies to have to wait 30 to 90 days before receiving payment. PCG purchases invoices and gives sameday funding. Depending on the freight invoice, you may receive advances from 70% to 100% of the invoice value. Once PCG has collected the full payment from your customer, we return the reserve balance to you.

Benefits of Factoring with PCG:

- Increase cash flow without debt.
- 24-hour setup time for new accounts.
- Low rates, some below 1%.
- Advances from 70% to 100% of invoice value.
- No minimums. No long term contracts.
- Apply online with no application fee.
- Online account access available 24/7.
